

**HPAI situation in France  
Since 14th of AUGUST 2023**

No outbreak in poultry has been recorded since July 11, 2023. All restrictive measures were lifted for the entire national territory of France on August 13, 2023. France is free of HPAI according to the provisions of the World Organization for Animal Health (WOAH) since August 14, 2023 (Article 10.4.6 of the Terrestrial animal health Code).

Event n° 4116 started on 11/21/2021 has been closed on 08/14/2023 on the official WAHIS website of WOAH.
